

Smart Feed

Automatic seed feeding system

Smart Feed Plus

Smart Feed Core

Your benefits summed up:

- **Performance**
 - Automatic sowing of 1232 plots without refilling
 - Suitable for yield trials and nurseries
 - Increased seeding speed of up to 5 km/h
- **Process traceability**
 - Automatic Data matrix code scanning of seed container and data recording
 - Reduction of human error sources
- **Ergonomics and Flexibility**
 - Compatible with all E-drive seeders from WINTERSTEIGER
 - Plot Motion / Row Motion
 - Dynamic Disc / Dynamic Disc Plus
 - Operator safety: no operator on the planter needed
- **Sustainability**
 - Container system reuseable

Container volume	60 up to 200 ml
Cell magazines for nurseries	Compatible with 4/6/12 magazines
Capacity Smart Feed	For 1232 plots
Magazine stack	Plot Row Motion, Dynamic Disc Plus
Max. driving speed	Up to 5 km/h
Tracking options	Datamatrix
Dimensions	Length Smart Feed Plus: 1700 mm Length Smart Feed Core: 1200 mm Width: 800 mm Weight: from 140 kg
